- 2 tsps [baking powder](#)
- 1/4-3/4 cup [vanilla unsweetened almond milk](#) *

- 1.
2. Heat a skillet or pancake griddle to medium and add cooking spray to the pan. Make pancakes by adding 1/4 cup of the batter per pancake to the skillet, leaving room between them so that the pancakes don't touch each other when they spread out. Cook for 1-3 minutes before flipping the pancake over. Pancakes are ready to flip as soon as you can slide the spatula underneath. They will not bubble.
3. Serve with berries, syrup, nut butter, or whatever you like!
